Carol was a dear friend in nursing school days as well as after graduation when she came to visit me twice in California. Like Sharon said above, I was so happy to reconnect with her after her Trail hike, to hear all about her girls and her nursing career since we last spoke. Carol was so positive, never a complaint even when you knew she was hurting. It is hard to believe she is gone but she will never be forgotten. I wish I could be there in person tomorrow, I will be in thought. My sympathies to Richard and girls, Joe and Bernadine and their families.

Dear Richard and family, Joe and family, Bernadine and family, Please accept my sincere sympathy on your loss of Carol. She and I were great friends during our training days and remained very close into the late 70's. I was so happy to be able to reconnect with her after her Appalachian trek. We spoke often and she was so positive about her future. She worried not for herself but for her family. Please know that she was so very proud of and loved each of you dearly. Rest in peace my dear gentle friend. You will be dearly missed.
