To 'Vi' and the DeRoo family. My deepest sympathy to you and your family in the recent passing of your loving husband and father. I worked with Frank at Marion Electric (later changed to Honeywell) from 1957 to approximately 1969. I worked in the Print Shop and Frank would photo the artwork of meter faces and make printing plates. The darkroom camera he used was about 10 feet in length. Frank was great to work with and I have clear memories of him. He was promoted to a higher position and taught me the photo engraving process. I recall meeting Vi on several occasions. Understand that he and family lived off Second Street in Manchester and I later moved to School Street (off Second S) residing in the neighborhood for 27 years. My wife and I moved to Hooksett, NH about 3 years ago. Again, my condolences to you Vi, and your family with the passing of Frank. Don Ingalls Hooksett, NH
