Just picture this - you can watch high quality movies anytime, right on the comfort of your own home, and never have to go to a movie theatre. It is perhaps the most common issue with HD televisions that they may be immensely challenging to install, which problem only increases with the size of the television. Many of the speaker companies offer speaker kits and instructions for creating a better system than is available in the overpriced electronics store.

A life well lived...Pat Sheehy made the world a better place. He made us want to be a better person. If only we all smiled half as much as he did. May his wonderful and kind spirit remain with all who knew and loved him...especially Irene, his children, and sweet Jacob. My thoughts and sympathy are with all of you. Susan

The world is a bit darker without the light of our noble, brave Pat. He accepted all burdens of life with grace, humor and always wearing a smile, just as he accepted the joys life brought him. His life and death is an example to us all. There is a big hole in the hearts of his immediate and extended family.
