I remember when you and Mari started dating, Jim, and immediately knew that she was a unique and special person. Boundless energy, positive attitude about everyone she met, hospitality and grace in all settings. Reading these tributes proves that nothing changed in those intervening years - even if there were too few of them.

I was so saddened to hear about the loss of your dear wife. I remember first meeting her at the theatre showing of the Orion video that my daughter Brittany was in. She had already told me how special the two of you were and I could see what she was talking about and through the few years since, she has kept me informed about Mari. She was loved by many people and we were all blessed to have known her. My prayers are with you and your family, Jim.

Mari was one of the most energetic and loving people I have met. We promised to meet again at Amelie's for our favorite coffee press... She touched so many thru her helping Jim with their photography business, and in SO many other ways. She helped Me and Tony buy our first house together, she was a spit fire and somehow made it happen! ONE of my wishes for my life and for so many others... Is that we have someone who loves us as much as Jim and Mari loved each other, and that we live as fully and joyously as Mari did! We all love you Mari~
