My prayers and thoughts are with the Griffin family. I worked with Bill for many years at the McGuire Nuclear station. Our Operator training program was strong due to Bill's diligence and hard work. His sense of humor was invaluable in breaking up the stressful situations we put trainees through.

Our condolences to the family and friends of Mr. Bill Griffin. We never had the pleasure of meeting Bill, but we know that he was the patriarch of a very wonderful and loving family. The stories told by his daughter Bonnie are filled with love and laughter, along with wonderful 'life lessons' taught by her daddy Bill. What better legacy can a man leave behind than to be loved and remembered with as many smiles as there are tears. With much love & respect, Tony & Lisa Chiapetta

One of my fondest childhood memories was watching the 1986 Superbowl with the Griffins where the Chicago bears were victorious. It was such a festive and energetic day. I always enjoyed spending weekends with Bill and his wonderful family. The brought Emily and I in and accepted us as a part of their family. Just I pray that you and the rest of the Griffin clan can find peace and solace in one another during this time. My deepest condolences go to you all.Much love,Nicole Self
