Oh, Sue, I'm so sad. I loved us being sisters who chose each other. You and I shared such a beautiful friendship that only deepened with time. I'm so sad I didn't get to say goodbye. I wish I could have been by your side when you passed. You were so loved by Rob and I. My mom and the kids always had a special place for their heart for their 'Aunt Sue.' You and your love will forever hold a special place in my heart. Rest in eternal peace with your Mom and Dad. I know how much you missed them. I love you Sue.

It's with great sadness that this news came to my attention today. Sue was a take charge kind of person and always saw each of her tasks through to the end. But in that same spirit she was respectful, kind and a pleasure to work with. I know my team counted on her to provide direction on projects and she could always be counted on. Sue, you will be missed! You made a wonderful impression on those of us who had the pleasure of working directly with you. Descansa en paz.

Sue - Thank You for all you did for our team. You were truly a superstar and set a new standard for product support that we will try to maintain going forward. You left a big hole in our team and in our hearts, and it's been difficult coming to work knowing you are no longer with us. Please don't give the big guy too much grief, remember he IS the leadership team. Rest in peace and we will miss you deeply.
