I am saddened to read this. I've known Rodney since I was born; his daddy and granddaddy built my grandparents' home, and he lived next door. My mom, Betty Camp Teague, and I thought the world of him. My condolences on your loss. Namaste'

I hate it that I am not in the area to come pay my respects for George--he touched a lot of lives and I'm sure that many people who cannot attend are mourning on their own. George had an infectious laugh and an optimism that things would always get better. His activities around town in support of clean fuels and other causes and his gregarious personality made him excellent to be around. Even his conspiracy theories were fun. He was, for decades, one of the intangible things that make Charlotte a decent place, and Charlotte is reduced for his passing. There is a Shakespeare play, Henry IV, in which the errand knight Falstaff--jolly, charismatic, well-intentioned--leads a band of rag-tag followers through misadventure. For the folks around Metrolina Biofuels, etc. George was our Falstaff. We didn't always show a lot of respect, because that was our way, but we held a lot of love and affection for him and he knew it. He will be missed.
