To the Bost Family,It does saddened me to hear about Kirk. He was one of my real good friends through Junior High and High School. We spent plenty of days and nights playing basketball and just hanging out while we were in high school. Boy what a competitive spirit. I only played golf with him a couple of times because he was too good!! I know he loved the game of golf. He is the only person that I ever double dated with in school. Those were good times and a lot of memories. We shared a lot back then.Like a lot of people, after high school we went our separate ways. We stayed in touch a little at first and just recently I joined Facebook. We had talked about getting together. Well we can only hope that whatever haunted him that battle is over. May he find those links to play that are close to water and play the game he loved for eternity.I know his family will miss him. May you all find peace and comfort in each other.RIP my friend!
