There are no words to express my love for Anne. She was like a mom to me when she took me into her home. I loved her more than anyone would know. She made me feel like I was one of her own. Years later after growing up and moving on, she always stayed in touch with me. She will forever be missed by me, but never forgotten. Sue, Cindy and Cheryl I love you all ~

I'm so glad I was able to visit your mother in the hospital, Larry. She was so lively and vibrant. We had a delightful conversation about old friends and neighbors present and past. She had a way of making me forget where she was and only see the spirit inside. What a wonderful woman and so funny. Wish I had met her years ago. I know missing her will leave a large hole, but our Savior has given us the comfort of knowing where she is and the assurance of a wonderful reunion! Love to you and Laura,

Moma Dulin always had a way of making everyone around her feel as if they were part of her extended family, and I was fortunate enough to be one of those who had an opportunity to love her. And not only did she love me but she loved all of my family as well. A dear soul that made a difference in the life of everyone around her. I hope you all find peace and take comfort in the fact you had one of the most wonderful mothers on earth. I will always remember the elephant pants that she made for all of us girls. With love to all of you, Lorie
