Carol, you taught me that life is an adventure and you live it day by day, doing things that you love, scared to do things and you taught me to love you own soul because no one else can do that for you! You are your boss and no one will ever take that away from you! WE make our paths in life, I am glad I crossed your beautiful path and became a part of your life after 2016. I love you to the moon and back! Miss you more than that. I am so sorry that our adventures will be low key now but I can borrow froggy, I think. anytime to take one more adventure with you please!!! WE still have a lot to accomplished! You left me too quick sister!
