She was the closest friend I've ever had. She and I had a common love ❤️ person in our life. I will NEVER forget her. She lived a great life. I know her from Wichita Falls. My dad was in military and that is where I was so fortunate to meet her. Then my dad retired and she and I kept in touch. She came and got me and I met her first born

Sending positive and healing vibes to the family. I'm not very good at these things but no matter what things have happened through the years I've always considered your family as my family. Carla was to me just like another little sister. We grew up together...many summers spent hanging out. Going to camp meeting just having pure and innocent fun. Those are the times I'll remember. Several months ago she gave me a glass figurine of a Hershey kiss....I still have it on my desk. So every time I see that even tho you are gone you'll not be forgotten. Laura Leigh I love you girl. Find that silver lining pls.keep it moving forward and give Alice and hug and a kiss from me. I'm thinking of you all at this time.
