## **Steve Washam**

JUN 6, 1952 - FEB 5, 2022

**F**red Steven "Steve" Washam, 69 of Concord, died February 5, 2022. He was born on June 6, 1952 in Iredell County to the late Joseph and Pauline Washam.

Survivors include his wife Ramona Jolly Washam; daughters, Michelle Wallace (Eric) of Concord and Toni Little (Eric) of Mint Hill; step-daughters, Shannon Little (Eric) of Rock Hill and Sheila Hilton (Dowd) of Mt. Holly; siblings, Roy (Betsy) and Beverly; and 10 grandchildren. His brother Bob preceded him in death.

Needless to say, our hearts are breaking but we take comfort in knowing that Steve knew Jesus Christ as his Lord and Savior and that we'll see him again and spend eternity together with him in heaven one day. Steve told everyone that would listen about his love for Jesus Christ. We know that he is rejoicing in heaven with his mama, daddy, brother Bob, and many others who have gone before him.

Steve never met a stranger and was a dear friend and role model to so many people over his short 69 1/2 years. He loved to teach people about fishing, hunting (quail, duck, rabbit, deer, squirrel), shooting (he loved to skeet shoot), machining (he was a diesel machinist by trade for 50 years) . . . people came from near and far to see if he could "fix" their broken/worn out stuff and, 9 times out of 10, he could!!!! He loved working with his hands and people were amazed at how he could make their broken worn out piece of metal look like it had never been broken. Steve was the most gifted, talented, smartest person that I've ever known next to his dad!!!

Who do you know that could build a 21' 6" boat without a boat plan (instructions)?!?! The "plan" was in his head!!!! He was probably only a few hours from finishing his boat and then he was going to start modifying a trailer to haul it on.

Oh how Steve loved to watch things grow. He had the biggest green thumb ever!!!! He grew way more than we could ever eat, can or freeze. He loved giving the fruits of his labor away for others to enjoy.

Steve repaired my farm equipment, no charge, I knew Steve all my life but really got to be a friend the last 15 years. He was a "Man's Man" Expert in every aspect of physics and sportsmanship. Lord, thank you for Steve and be with Ramona in these difficult times

Met Steve when I first came to Huntersville playing softball behind the elementary school. His girls were just babies playing on those concrete bleachers, while he pitched the games, it was a way for me to meet people. I met a good one. He will be missed, but we will see him in Heaven again one day.

So in charge, but took a back seat to others. Never was one to want to be the center of attention, but made me feel as if I was when we talked. Watched the love and guidance towards his wife, children/grandchildren, and our church family. Gifted with his hands and his mind. The love and time he put into his gardens reaped the biggest cantaloupes I had ever eaten (took a week to eat). He left behind his legacy with his family and friends. Celebrate him with stories of his life's adventures, and his love of Jesus and the church family.
