I am sending a donation to "CatNap" in Diana's name to honor her love of cats. I think that is a good way to remember my friend.

I always felt Dee was one of the most principled and honest people I ever met. She was also fun to be around and was never afraid to admit she didn't know something. I remember how much fun she had learning about ocean city NJ. I know her family is enduring a huge loss. We all are. Diane Fiske

Diana always loved cats. When we were kids in Illinois she had up to a dozen cats she was feeding outside. Although I was always the annoying kid brother, she could be very nice to me. Once I went to visit her in NYC and she took me to a Yankee baseball game. That was the first game I had ever gone to and I have loved baseball ever since.
