I met Bill in 1989 when I joined him in the same department at IBM wherein we worked together in performing international marketing to the finance industry. He was a joy to work with with given his wonderful happy personality. Later I would love to see him at early voting sessions over the years. We became neighbors in 2019 where we got to meet Margaret and to know them even better. He will be greatly missed.

Many wonderful memories of one of favourite vacations with Margaret and Bill at Sea Island in Georgia - every part of those vacation days was filled with fun, laughter and great ideas and times we will never forget.

I Can't Believe you All DO THIS to People -

Rest in peace my old friend. We have known each other since elementary school in the Bronx. We went to Evander HS and then to Colby College in Maine. You stayed a little longer than me. I joined the USAF and you followed shortly after. We both went to Europe, you to Scotland and me to Italy where we both met the loves of our lives. We met up again in the Bronx where we began to form our families. Our careers caused us to go in different directions but we did meet again in person on special events and always in my mind. You will be missed by many people but none more than your wonderful wife Margaret, three beautiful daughters, grand children, my wife Carla and me. We will see each other again in the future.

When the Magee family lived in Minnesota, one of my fondest memories was when he and Margaret took Elaine and me on their sailboat. I am blessed to have known Bill and his family. I gained my forever good friend Elaine because of their move to Minnesota. He will remain in our hearts forever.
