Glendyne was such a wonderful person. In the time since our retirement I have missed her. As a Vice President Colleague at Carolinas Physicians Network she was a role model for me and many others. I had the pleasure of having the office next to Glendyne. There were many an early morning when we were both in the office; Glendyne having arrived first. She also greeted me and others with a pleasant Good Morning. The people who worked with Glendyne: the physicians, the managers and directors who reported directly to her, and her colleagues all held her in high regard. Glendyne will be missed

Condolences to the family. It was a privilege to work with Glendyne at Carolinas HealthCare System, where she selflessly shared time mentoring other aspiring female administrators. She modeled how a woman can succeed in a male-dominated profession - and she did it with class and always with that engaging smile. Glendyne personified strength with compassion; business & management acumen with purpose and heart. I'm so sorry we've lost her.
