Nancy was always a bright light, someone that brought positivity to every situation. We all share so many fun memories from our days on Gem Beach, our short trip to their house up the street, to New Jersey and beyond. She was a special woman.

Nancy was a bundle of joy and made the best chili ever! I remember going to see her weekly in the Community Church office to sign checks that she carefully prepared as the financial secretary; when I got so busy that I forgot my treasurer duties, she kindly called to remind me. I am sorry for your loss. Please accept my sincerest sympathies. Jo Ann Jennings

What to say - as long as I can remember the Alexanders and the Sinkways shared a wonderful friendship having met through Community Church in Glen Rock. So many good times working and playing together. Our Mom and Nancy were vibrant, smart, talented, athletic and tough women. For dementia to defeat them is cruel. To Dave and the kids, you have our heartfelt condolences. We feel your loss deeply. Robin, Jody and Diane Sinkway

Thanks, Rob, for sharing this tribute on our behalf. Dave, I hope you know how much your & Nancy's friendship meant to my parents. They had such a good time with you, and I loved that, even after you moved away, you always found time to visit with them when you were in town. Your last visit to my Mom toward the end of her own battle with dementia was especially touching to me, and I'm sure to my Mom, as well, though she was unable to express it the way she normally would have. We loved Nancy, and we love you, Dave, and your whole family. We send our love and gratitude for your place in Bob & Connie's lives. What a fun blessing you were to them! They always looked back VERY fondly on that Rose Bowl trip, in particular. They had a blast with you guys. Always. JodyS
