# Heather Cleevly

OCT 30, 1970 - JUN 12, 2024

**H**eather Joy Cleevly was born on October 30, 1970, in Pittsburgh, Pennsylvania. She graduated from Woodland Hills High School in 1988. She received a full scholarship to the University of North Carolina, Chapel Hill, where she was an accomplished diver. She was an All-American college athlete in 1990, 1991, and 1992. In 1990, she became the first diver at the University of North Carolina to ever qualify for the National Collegiate Athletic Association Championship. Heather went on to win the Atlantic Coast Conference Championship in 1992. That same year, she was named the Atlantic Coast Conference Diver of the Year. Her athletic accomplishments landed her a spot in the University of North Carolina Swimming and Diving Circle of Champions in 2011. Heather later attended the Art Institute of Atlanta and became a successful graphic designer and product marketing specialist, eventually owning her own marketing company.

Heather is survived by the love of her life, Bill Meek; Bill's son, Matthew; her adoring parents, Bruce and Connie; her sister, Gretchen; her goddaughter, Anna; her rambunctious cats, Morgan Freeman and BB; and her many, many, dear friends.

She loved Jesus, Bill's cooking, the rain, the lake, bubbles, the Steelers and the Penguins, giving advice, horror movies, the Grateful Dead, art, organizing (and re-organizing), and documenting all of the humorous things her family did. She had a huge heart, amazing creativity, a great, dark sense of humor, and the capacity to love like no other.

"In one of those stars I shall be living. In one of them I shall be laughing. And so it will be if all the stars were laughing, when you look at the stars at night. And when your sorrow is comforted (time soothes all sorrows) you will be content that you have known me. You will always be my friend . . . I shall not leave you." - Antoine de Saint-Exupery, *The Little Prince*

To the Cleevely family and Bill- I am truly heartbroken to hear of Heather's passing. While the miles and life's challenges have made it difficult to connect as often as I would have liked the last few years, my dear friend will always hold a special place in my heart. Heather was the most generous, creative, witty and caring soul. I was one of the many who was blessed to call her friend. I have such fond memories of our time diving together, and especially our times together in Miami. I believe this is not goodbye, but until we meet again. I love you, my friend, and send much love to your family. With love and much admiration - Betsy

Dear Cleevelys, Bill, and Heather's friends and family, Heather was my buoy when Linda died, the silver lining of a tragedy- she reached out and shared beautiful memories of Linda and made me feel happy despite the sadness. I didn't know Heather very well until then. Over the last four years she was a shot of sunshine every time we spoke, which was often. I am so sorry for your loss and amazed at Heather in life and in dying. She is forever and always in my thoughts and in my heart. Thank you for sending the necklace that Vernon made for her. It is precious and I will cherish it. I am sorry I won't be able to make it to NC on Saturday. Vernon and I will be watching the service together from Pittsburgh. With love, Karen LaFace

I have the fondest childhood memories of play dates, sleepovers, and grade school antics with Heather. The Halloween I dressed in rags and dragged her in a garbage can to the front door of each house - where she popped out, announcing 'trick or treat'! Being driven around Pittsburgh claiming we came from the Dipstick factory, tape recording our own radio show, and harnessing 'deep thought and emotion' as we composed music and lyrics for "Never tell a lion" at her piano. Creating and starring in our own ridiculous version of a "Blister in the Sun" music video, and performing in numerous Saturday Night - live skits. Heather - my bestest friend of all time. So admirable, joyful, creative, fun, funny, thoughtful and brave. Often asking how I was before I could ask her how she was doing; showering those around her with love and abundant reason to laugh.

We had the privilege to meet Heather two years ago and spend time with her and Bill on two different occasions and of course it involved some great food. She love her mother in laws [Phyllis] deviled eggs, I've never met anyone that loved deviled eggs as much as her. She was such a pleasure to be around, our plan was to visit with them this year for another gathering! Sometimes life is cut way too short as it was for this beautiful lady living her best life. Sincere condolences. Marchele and Ritchie Hogue.

My friend Heather was always one of the first people to send me a Christmas card. Usually she had made it out of some other pictures & paper. She made me my first mix tape. She was a nationally competitive diver and practiced jack knife crunches at cheerleading practice. She was the top of the pyramid. She was one of the funniest people i've ever known. She was my chemistry partner & i have a notebook filled with notes and pictures & stupid things we did when we should have been ... taking notes. She was tiny & always smiling. She was in the musicals & was a gymnast. She was our Fiddler on the Roof. She loved Tom Petty long before most of us discovered him, so we have that in common & I'll wear my Tom Petty shirt today. "You belong among the wildflowers." She was one of the first people to hold my first son. She rewrote every line of "American Pie" to chronicle the unique aspects of our senior year as the first graduating class of WHHS. Tonight at 7:10 I'll remember Pie Time, "Brother James Air" & "Blister in the Sun." I'll miss you, Heather. God bless & comfort you, family & friends.
