When Ashley first introduced me to Alex I remember how quiet and reserved he was but as time went by and their relationship grew so did mine and Alex's ... his love for Chess , Jitjitsu, Weightlifting, was so strong ... and he was so proud to tell me of his success in the above ... but what I was always amazed about him was his skill of solving the Rubik's cube , he could accomplish it within minutes ... we would send each other posts about it ... Him and Ashley loved visiting me at the beach , he would always say let's just stay here . The memories we shared there will never be forgotten and I'm thankful for the time we had together.... Fly High Alex , you are forever in my heart and I Love You ❤️

Dear Cousin Alex, My memories of you will be always be of a gentle spirit, and so smart, hardworking, and a perfect blend of your beautiful parents. I wish I had spoken with you more, you had just shared with me about your newer job which was exactly what our dad did for over 30 years. And you shared some excitement about your sweet pup. May you be comforted by Jesus and God forever until we all meet again. You will never be forgotten while we are here on Earth. Blessings forever. Cousin Joy
