My dearest little sister, I miss you so much. I still can't believe that your gone. My heart aches. I know that you're at peace now. I've been thinking about the last time we were all together having our sister's weekend. How much fun we all had shopping and cooking, just goofing around together. Most of all playing your crazy trivia card games. I'll miss your laughter and that beautiful smile. You always knew what to say, always the comedian. I'm keeping the light and prayers for you. I'm sure you're with all the angels now having the best time. I love you, and I will carry you in my heart till we're together again. All my love Nettie

To my baby sister Nancy, it has been so devastating since you left us, every memory of you is a treasure. As I sit here and try to gather my thoughts and sentiments, I am in such disbelief that you are gone. I find myself waking up every day, reflecting on all the cherished moments and conversations we had together. I will miss you dearly, your sisters and I will keep you alive in our hearts forever. There is no love like sisterly love a bond that we will have forever. A bond I will hold dear to my heart. A bond that can never be broken. I remember when you were born you were the baby of the house. I was 12 years old. The day we became sisters you were imprinted on my heart. We were just children from silly fights to heartfelt talks. I will miss it all, all of these memories, etch forever in my soul and heart . Nancy you were a spitfire, your strong spirit always filled the room. Every moment I shared with you was special. I am utterly grateful that I had the gift of an amazing sister who although left this world far too soon was so real, kind, strong and had the best sense of humor and truly knew how to live life to the fullest. When she loved you she loved you hard. Nancy while you are gone and the void that is felt is painful the memories left behind will be treasured forever. The girls and I miss you so much your voice, your laughter, your laughter still echo 's in my mind. I will continue to honor your memory. Thank you for loving my children throughout all these years they really loved you. Thank you for being my sister, my friend the joy you brought me the happiness of your spirit that completed us you will be missed. We are so sad that you are gone. The girls and I are broken. Your departure has taught us the preciousness of life and the unbreakable bond of sisterly love, we miss you so much. Nancy, you will be gone from our site but forever in our souls, I hold onto the cherished memories we made from childhood to adulthood. Your kindness and warmth touch so many lives you will forever be in my thoughts and my heart, I will love you more than words could express. We will all carry you in our hearts forever. Your love lives on in our hearts and in those who knew you . As I walk through my life without my sister, my friend, our hearts are so broken , but I take comfort knowing she is resting in peace and has joined my family in heaven. Nancy continue to watch over all of us for the rest of our days on earth. You will be Forever Cherished, Forever Remembered , Forever Loved, your Sister Always Michelle

Christmas is always a special day in our family, you were married on Christmas Eve many years ago in this house. This was from a few years ago, you were always smiling and dancing and the life of the party. You didn't realize I took this video of you and when you did you said "don't be posting that on tik-tok" haha a very "you" thing to say. I miss you. We miss you.

Nothing but happy memories that I will have in my head with Nancy. All the amazing food she cooked for us, all the funny conversations we had. Your family is in my prayers as I know you will be looking out for them and laughing like you always did from heaven. Love you Nancy! Rest in peace.

I was best friends with Nancy at one time. We were in Loretta Park together and lived in the same neighborhood. She helped teach me how to stand up for others. When someone called her a nasty name I loved her enough to stand up and threaten to beat them up on her behalf. This was pretty big for someone as shy as I was. She just laughed and told me it was okay. She was so bright and happy. I am so very sorry for the loss of such an amazing person. Fly high my friend.

"Sisters are angels who lift us to our feet when our wings have trouble remembering to fly." We share a connection which is unbreakable and transcends distance and time. Although you've grown wings and have flown to heaven, sisters are always together even when apart. You will be forever cherished, remembered, loved, and always within our hearts. Keep smiling and dancing until we are together again. ❤️

My Dearest Sister Nancy, No one in my life will ever replace you. I will never forget the special bond we had and I will always carry you in my heart. I will always remember how fiercely you loved the people in your life. You were a devoted wife, loving mother, loyal friend, and a wonderful sister. You had a unique way of making the people you cared for feel valued, special, and celebrated. Whether it was just a kind word or a hug, your compassion, thoughtfulness, and devotion to your family was always apparent. Growing up you were always a free spirit- your smile and personality sparkled so bright it would light up a room. As a sister, I was blessed to have you in my life. Your love was unconditional and I am so grateful for the time we had together. I will never forget the time we spent growing up, all our conversations, sharing secrets and laughs. You always so confident. You had my back no matter what- you were always there by my side with words of encouragement and made me believe my dreams were possible. You were an angel sent to me and I will deeply miss you! Till we meet again in heaven. ALL MY LOVE, YOUR SISTER JENN

When I was pregnant with my son Noah, she told me that the fastest way to get him out was to push like I was pooping. She was 100 percent correct. She always had a sense of humor and always had me laughing. I will miss that so much.
