Jennifer Nooney

MAY 25, 1976 - SEP 17, 2025

Dr. Jennifer Nooney of Rogue Hen Farm, Statesville, NC, passed away at her home after a brief, but courageous battle with cancer. Jennifer was a graduate of Currituck County Schools and Elizabeth City State University. She received her master's and doctorate degrees from North Carolina State University. Following her years of education, Jennifer had a well-respected career as an adjunct professor at NCSU, and then as a statistical researcher with the North Carolina Center for Nursing, the Florida Center for Nursing, the Health Resources and Services Administration, and Westat, Inc. Along the way, Jennifer made many treasured friends.

Jennifer had a tender and compassionate soul. But at the same time, she believed in truth and honesty. She met life's challenges head on and with a realistic eye. You rarely had to guess at what she was thinking...because she had probably already told you. Like her mother, Jennifer loved all creatures, great and small.

Jennifer was preceded in death by her mother, Peggy Green. She is survived by her husband, William Nooney, Jr.; her father, Buck Green; her mother- and father-in-law, Bill and Marilyn Nooney; her brothers-in-law, Daniel Nooney and Jesse Nooney; her aunts and uncles, Steve and Lisa Green, Scott and Sherri Brown, and Brian and Sharon Fisher; as well as many fun-loving cousins. She will be missed by her entire family.

There will be two gatherings to honor Jennifer's life. On Saturday, September 27th, beginning at 2:00 PM, friends and family will gather at Rogue Hen Farm for a Celebration of Jennifer. There will be food, music, memories, sharing, and laughter. The address for Rogue Hen Farm is 169 Absher Farm Loop, Statesville, NC 28625. Then, on Sunday, September 28th, at 2:00 PM, a memorial service and reception will be held in the family life center at Pleasant Grove United Methodist Church, 1915 Oakdale Road, Charlotte, NC 28216. Everyone who knew and loved Jennifer and her family are invited to attend either or both of these gatherings. If you think you

Her most beautiful smile and genuine self always held her in high esteem.... One of my fondest memories of when the mother donkey and the baby donkey got out of the corral and decided to take a hike she was only one at home and I've just recently met her and William and she called to ask if I could come over and help I did and before I knew it there was a lot of people over there to help and the mother and the baby were returned safely and Jennifer was so relieved and happy that they were back home safe. But there's so many more fond memories.

I met Jen at Westat many years ago. While we did not have many opportunities to work together, she was always a ray of sunshine whenever she was around. She shared her coffee and eggs and stories of her farmer's market days. She's such a wonderful human being and I'm glad we got to know each other.

Mary Lou Brunell posted:

I had the privilege of knowing Jen as an employee, professional colleague and friend. She was instrumental in establishing the research program at the Florida Center for Nursing which became a model for other centers across the nation. Though not a nurse, Jen's contribution to nurse workforce data and information collection, analysis, and distribution methods was impactful in assuring the best nursing care delivery for those in need. My husband and I extend sincere condolences to Billy, as well as, Jen's family, friends, and colleagues. Mary Lou Brunell, MSN, RNRetired, Executive Director Florida Center for Nursing
