“ Tia Cuca was and continues to be the most loving tia. She had two daughters and son's in law that she spoke about frequently for caring so much about her. Her family was the most important part of her life as well as her sisters and brothers. She came from Cuba and managed to learn English and very proud to become a citizen. Tia made a life for herself and her family and always provided for everyone. I miss her terribly. I will always keep her in my heart because her sense of humor carried me through some difficult times.

Her love for me, my sister and my mom and dad meant a great deal to me because my dad always looked forwards to speaking or seeing her. We loved her. Still love her and we will always remember her with every fiber in our bodies. Tia I hope you're reunited with those you loved and you're making them laugh all the time.
